Java Application Developer

SUMMARY

Around 12+ years of experience in design & development of web applications in Java, Spring & Cloud technologies.

EXPERIENCE

Current Employer - Senior Software Engineer,

3rd Employer, - Associate,

2nd Employer - Software Engineer,

1st Employer, - Associate IT Consultant,

EDUCATION

Bachelor of Technology - Information Technology

Overseas Experience - Barclays Bank, UK,

Recently Used Tech Stack

Java, Spring Boot Restful API's
Development

Cloud (AWS & Azure) & Containerized
(Kubernetes) App Deployments

CERTIFICATIONS

AWS Developer Associate

Certified Kubernetes Application
Developer (CKAD)

Azure-204 Developer Associate

RECENT TASKS & RESPONSIBILITIES

- Involves deliverables, timelines and managed deployments to Production on Cloud PCF, AWS, Azure.
- Implemented applications with Spring Cloud Components like Functions, CircuitBreaker, Stream
- Implementation of SSO with OIDC, OAuth2, Session management using Redis Cache
- Designed and Deployed Microservices/Web Services on AWS-EKS.
- Kubernetes - Implementation of resource yaml for Pods, Service etc, Configuring Ingress Controller
- Implementation of AJAX calls in ReactJS App using Axios.
- Understanding business requirements, develop & presented POC's
- Implemented business solutions with Azure services -EventHubs, Functions, Cosmos DB
- Mentored team in understanding containerization deployments on GKP & AWS-EKS

Projects

File Transfer Setup

Analytical Workbench

Securities Core Processing Platform

Design Portal

Personal Projects

- Scalable AuditLog framework development using Azure EventHub, Function App & Cosmos DB
- Android App Development - 2012

Technical Skills

Java, Spring Boot & Cloud, Apache Camel, JS

Cloud Platforms:

AWS - EC2, EKS, ELB

AZURE -Cosmos DB, App Service, Functions,
EventHubs

Containerized Platform: Docker & Kubernetes

Database: Oracle, MS SQL, Azure Cosmos DB

Others: Jenkins, Maven, Gradle, IntelliJ, VS Code,
Github, Bitbucket, Jasper, IText

Novice Technical Skills

NodeJS, ReactJS, Quorum
